**CORE Building Water Damage**

Unfortunately, the recent cold spell during Christmas caused pipes to freeze on the third floor of the CORE building. Water leaked into the floors below, causing extensive damage to the first floor bathroom.

Nick Iachini from our Diocese office and ServPro are working to remove the moisture, clear away the damage, and restore the building to its previous condition.

We anticipate this process will take several months, so the Parish Secretary's office and collection counting will move to the Rectory. We will continue to share information as the situation moves forward.

Thank You!
